

HIMMELMAN CONSTRUCTION, INC.

General Contractors & Construction Management

**FOR IMMEDIATE RELEASE**

**Himmelman Construction Awarded CM / GC for Goodwill of Colorado's Excel Center**

**February 15, 2024**

Himmelman Construction (Himmelman), a privately held, Fourth Generation, commercial General Contractor headquartered in Lakewood, Colorado, is excited to announce they will be working with Goodwill of Colorado. Himmelman Construction Inc. has commenced construction on the new Colorado Excel Center, located in Aurora, Colorado, at Iliff and Chambers.

The Excel Center is a tuition-free adult learning high school that will provide Colorado adults age 22 and older a path to attain their high school diploma—currently, there are more than 32,000 adults age 25 and older without a high school diploma in the Aurora area. Excel Center adult learners will receive transportation assistance, free drop-in childcare, the opportunity to earn college credits, certifications, and industry-recognized credentials to help them become job-ready in as few as 20 hours. Himmelman is proud to be working with Goodwill of Colorado and is inspired by its commitment to helping Coloradans overcome barriers to personal and economic independence and conquer generational poverty.

When asked about working with Goodwill of Colorado, Colton Himmelman said, “It is an amazing organization, with amazing people. These are the types of projects that we really enjoy, and want to be a part of. Working with Goodwill and 3890 Design has been a lot of fun.” Design services for the Excel Learning Center were provided by Littleton-based 3890 Design.
